**APRIL 29, 2016**For Help Desk Phone Numbers [Click here](#)**⚠ Caution Ordering Parts from TMI Order Invoice with Engineering Breakdown**

Order Invoice with Engineering Breakdown information is provided by the orders system, once you click breakdown of a part, TMI pulls the information from the Engineering Data System (EDS).

EDS is not a manufacturing bill of material system but a engineering part in effect system. TMI uses the built date and calls EDS to pull the part in effect at that time.

Recently, TMI added an as manufactured tab. This tab provides the consist as reported from the engine factory. This data is limited but growing for new manufactured engines. To see an example enter "WRH00104"

To validate you are ordering a correct part, TMI encourages you to contact Morton Parts. 800-566-7782 or [tech\\_support@cat.com](mailto:tech_support@cat.com)

The below option will email full breakdown of the serial number
