## ***BB-2/R***

***Bottom-belt driven case sealers for taping tops  
& bottoms of random size boxes***

# BB SERIES

The BB-2/R (bottom-belt) case sealer is a new addition of low cost, high performance case taping machinery. Small in size and highly versatile, these machines are built of 10 gauge steel and are powder coated for durability.

This machine will adjust automatically to random-sized boxes that are operator-fed.

With a single drive motor and aggressive drive belts, this workhorse will stand up to your toughest challenges.

## FEATURES:

- Plug-in operation
- Fast and easy box size change
- Adjustable leg extensions
- Perfect for ink-jet printers where coding is required at the bottom of boxes
- Instantly interchangeable and removable tape cartridges
- Can be locked to accept runs of same size cases

## BOX SPECIFICATIONS:

	Length	Width	Depth
Minimum box size:	5"	4"	4"
Maximum box size:	Inf.	20"	21"

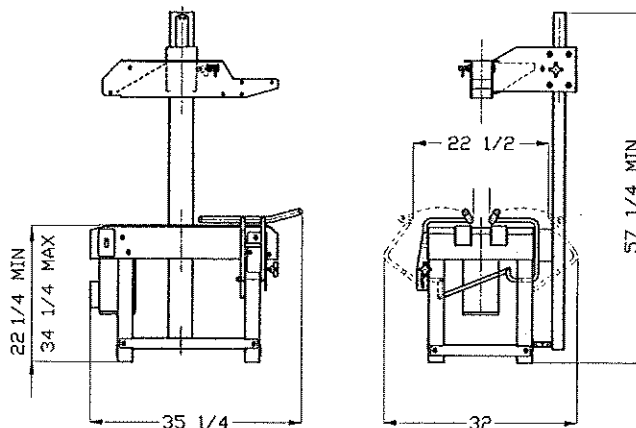

(Note: High Mast available for tall boxes)

## ACCESSORIES AVAILABLE:

- Infeed Pack Table and Exit Table
- Locking heavy-duty casters

## MACHINE SPECIFICATIONS:

- Applies 2" wide pressure-sensitive tape, up to 15" diameter rolls
- Belt speed 60'/minute
- Speed up to 30cs/minute, depending on box size and operator skill
- Conveyor height adjustable from 22 1/4" to 29 1/4"
- Power requirements: 110V/ 4.6A/ or 220V/2.3A 60Hz (no air required)
