The Best Way to
Improve Your
Production

- Integrated cap elevator/sorter.

- NEMA-4 control panel and complete safety guards with electronic interlocks for safe, convenient operation.

- Adjustable from 13 to 38mm caps at speeds up to 90 caps a minute.

- Simultaneous gripper adjustment.

- All contact parts are T304 stainless steel or food grade plastic.

- Stainless steel floor level hopper.

- "C" frame slides over existing conveyor without cutting or modifying.

- Casters for easy on-line changes. (optional)
