

Bosch Model CUT 120

Intermittent Cartoner

prep & pack

This state-of-the-art servo driven cartoner handles up to 120 cpm and offers the quickest reproducible no-tool changeover in the industry. Bosch's innovative "walk-in" design allows for complete access of the machine while maintenance free carton chains keep your line up and running longer.

Standard Features

- Designed following cGMP guidelines
- Smallest footprint available in its class
