

The Axon® EZ-100 and EZ-130 Tamper Evident Band & Sleeve Label Applicators

The Axon® EZ-100 and EZ-130 are heat shrinkable tamper evident band and sleeve/label applicators. Depending on the container configuration the EZ-100 is designed to accommodate product widths from 3/8" to 2-11/16" while the EZ-130 accommodates 3/8" to 3-1/8". These fully automatic, continuous motion machines utilize minimal moving parts for high reliability and low maintenance. As with all Axon® machinery, they can be easily integrated with existing lines or Axon® can provide a complete system including applicator, conveyor, and heat tunnel.

EZ-100, EZ-130 features and benefits :

- PLC controls
- Stepper drive film feed system
- User friendly Operator Interface Panel (OIP)
- Stainless steel mainframe and enclosure
- Quick and easy container size changes
