

T-10 for Round-the-Clock Applications – Top – and Bottom Closure

Very sturdy machine for high requirements.

Also available in stainless steel, e.g. for the food industry where machines are required that are easy to clean and maintain in order to meet the increasing demand for hygiene.

Basic Models

T-10 and T-10 Maxi (see table). Both models are available with extra high pillars.

T-10 Maxi is especially suitable in industries where large cases are handled. In its standard version, the T-10 Maxi is fitted with a 75 mm dispenser with 70 mm tape overlap.

● Standard ○ Optional				
* Depending on the construction and quality of the case. ** Without or with side pressure rollers. Subject to alteration.				

- Easy to adjust for different case sizes.
- Easy tape and dispenser replacement.
- Strong and compact design.
- Easy to maintain with low maintenance and spare parts costs.
- Electro-galvanised or stainless steel finish.
- Wide range of accessory equipment.

Tape Dispensers – Standard

For case sealers operated from the right.

Many years of experience have resulted in a superb tool. With the right tape, the dispenser is noiseless, and replacement of tape is easy and quickly done.

The SOCO SYSTEM dispenser is available in three different widths:

- 30 mm wide dispenser for tape widths ranging from 25 to -30 mm. Tape overlap is 50 mm.
- 50 mm wide tape dispenser for tape widths ranging from 38 to -50 mm. The tape overlap is 50 or 70 mm.

- 75 mm wide dispenser for tape widths ranging from 50 to -75 mm. The tape overlap is 50 or 70 mm.

Type	Tape Overlap	Tape Width	Top Dispenser/Item No.	Bottom Dispenser/Item No.
