Consist of equipment line integration, setup, testing with submitted samples, cleanup and prep for shipment. Accutek allows for 4 hours per Automatic machine , 2 hours per Semi-Auto Machine and 8 hours per Rotary Filler at no charge. The allotted time per machine is typically more than enough time to integrate and set up the ordered machinery for ONE Container.

Additional Integration and Setup Fees of \$95.00 per hour may be required and will be added to your final invoice.
