AUTO-BOTTOM ERECTOR Up to 25 cartons per minute

The **250CE AUTO-BOTTOM CARTON ERECTOR** is a simple automation solution for the erection of pre-glued auto-locking cartons (cardboard or corrugate). Operating on-demand the **250CE** will secure a single carton from its side mounted storage magazine, erect and lock the bottom and then deposit the finished box on the standard powered discharge. This heavy duty system can operate independently or as integrated in to a fully automatic line delivering up to 30 cartons per minute.

Standard Components

- Discharge conveyor with product back-up sensor
- UL/CSA approved components
- Anti-corrosion paint finish
- Omron PLC
- 48" x 80" Footprint
