

Multipack Shrink Wrapper

- **Compact**
Less than 8' long
- **Single frame design**
One piece infeed/wrapper/tunnel provides trouble-free multipack transfers resulting in consistent packages
- **Product range**
.75" to 4.25" across (diameter or width)
- **Pack pattern versatility**
2, 3, 4, 5, 6, 8, 9, 10, 12, or 24 packs
- **Product control**
Critical to collation success, includes adjustable infeed guides, retractable barrier, articulating seal bar guides, and a product hold down
- **Speeds up to 30 wraps per minute**
- **Stabilized Collation**
Pre-programmed motorized pusher assembly with both acceleration and deceleration provides controlled transfers
- **Built-in operational monitoring**
Diagnostics are displayed on a color touchscreen tied into an elevated alert light tower
- **Compatible with LDPE or PVC films**
