

IMFS 1500 intermittent motion filler/sealer

PACK EXPO : Robert's Packaging is showing its IMFS 1500 intermittent motion fill/seal packager at its booth, S-444, at Pack Expo International 2004. See video clip of this machine

Oct 31st, 2004

Stand-up pouch system automatically fills and seals premade standup/zipper style bags. Machine accommodates a minimum pouch size of 4" W x 6" H x 1" gusset through a maximum pouch size of 12" W x 15" H with a maximum gusset of 5". A complete size changeover can be performed in approximately 15 min. Benefits include a compact footprint, increased flexibility, and an economical price. Machine is built on the same construction criteria as Robert's C-Series continuous motion systems.
