

## ROTARY BAG FILLING MACHINES

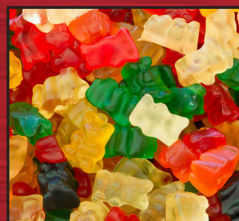

**RBF8**  
**Automatic Rotary Bag Filling  
& Sealing Machine**

**RBF8-XL**  
**Automatic Rotary Bag Filling &  
Sealing Machine for Larger Portions**

### Perfect For:

- Jerky
- Pet Food
- Snacks & Candies
- Shredded Cheese

## FEATURES

**Packaging Plus Rotary Baggers** are specifically designed to increase output by as much as 50 percent. Unlike our vertical form fill and seal machinery that utilize rollstock films to create the bags, pre-made pouch filling machines fill & seal pre-made custom printed pouches. The end result is a quality, custom pouch style package, ready for retail sale.

## BENEFITS

- Gear motor driven, for high accuracy and stable positioning; quiet and stable operation.
- Easy changeover for different pouch sizes. The gripper width can be adjusted automatically from the touch screen panel.
- Pouch feeding conveyor receives more pouches with automatic feeding control. Easy to re-load bags.
