

Doboy GS-1000S Bag Sealer

Sealing Woven Polypropylene Bags has never been easier or faster

The Doboy GS-1000S produces a secure sift-proof closure on laminated woven bags at higher line speeds than conventional sewing machines. The double fold closure provides an improved infestation barrier and increases print display area.

Specifications:

- ▶ Speeds up to 80' – 85'/min
- ▶ 1.25" Double Fold
- ▶ Dual orifice glue gun nozzle produces 1/2" wide glue band
- ▶ Folders and creasers specially designed for woven materials
- ▶ Compression section length is 56 inches

Applications:

- ▶ Pet food
- ▶ Sugar
- ▶ Pet products
- ▶ Seed
- ▶ Bird Seed
- ▶ Fertilizer
- ▶ Rice

Doboy S-CH Series Bag Sealers

Sealing Woven Polypropylene Bags has never been easier or faster

The Doboy S-CH-S and S-CH-L

provide a high speed alternative to sewn bag closures. Both models heat seal coated woven bags producing a strong sift proof closure and reduces potential product infestation at line speeds up to 100 feet/min.

Specifications:

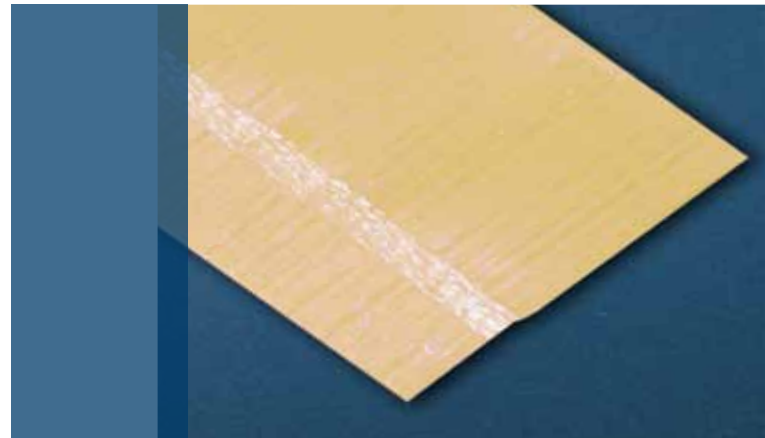

- ▶ Speeds up to 100 feet/min
- ▶ Four pair of heater bars
- ▶ Two pair of water cooled cooling bars
- ▶ PLC controls and operator interface panel
- ▶ Rugged construction for 3 shift/day operation
- ▶ Seals heat sealable coated woven polypropylene
- ▶ Precision temperature control

Applications:

- ▶ Pet Food
- ▶ Fertilizer
- ▶ Seed
- ▶ Bird Seed
- ▶ Sugar
- ▶ Litter
- ▶ Charcoal
