

DR Rotary Filler Series

[Request More Information >](#)

The DR filling system features speeds from 60-80 cups/min and filling capacity up to 32oz. This machine is larger in size so there is more flexibility to meet your specifications.

Modern's DR filling systems are used in a variety of applications for the food industry, such as sour cream, yogurt, cottage cheese, ricotta cheese, guacamole, salsa, hummus, salad dressings, cookie dough, frosting, vegan specialties, coffee, dry products, grated cheese, and more.

Click the "Request More Information" button to the right to speak with a sales representative. We will assess your product and specifications and tailor a solution specifically for your needs.
