

Columbia

The Model FL1000 floor level palletizer from Columbia Machine provides an optimal price and speed combination for low speed applications. Small enough to be moved through an 8' x 8' doorway, the FL1000's compact footprint utilizes less than 60 square feet of floor space. Requiring no modification, the FL1000 can handle a wide variety of package types, including cases, trays, totes, film only and display packs from a variety of industries including canned and frozen foods, beverage and many more. The FL1000 palletizes 10 cases per minute or more, depending on case size and pallet pattern. Like all Columbia Machine palletizers, the FL1000 has a heavy duty steel frame that is built to last and is EASY TO OPERATE.
