IMPROVING PROCESSES WITH AUTOMATION PACJacket®

High Speed On-Demand Mailer System

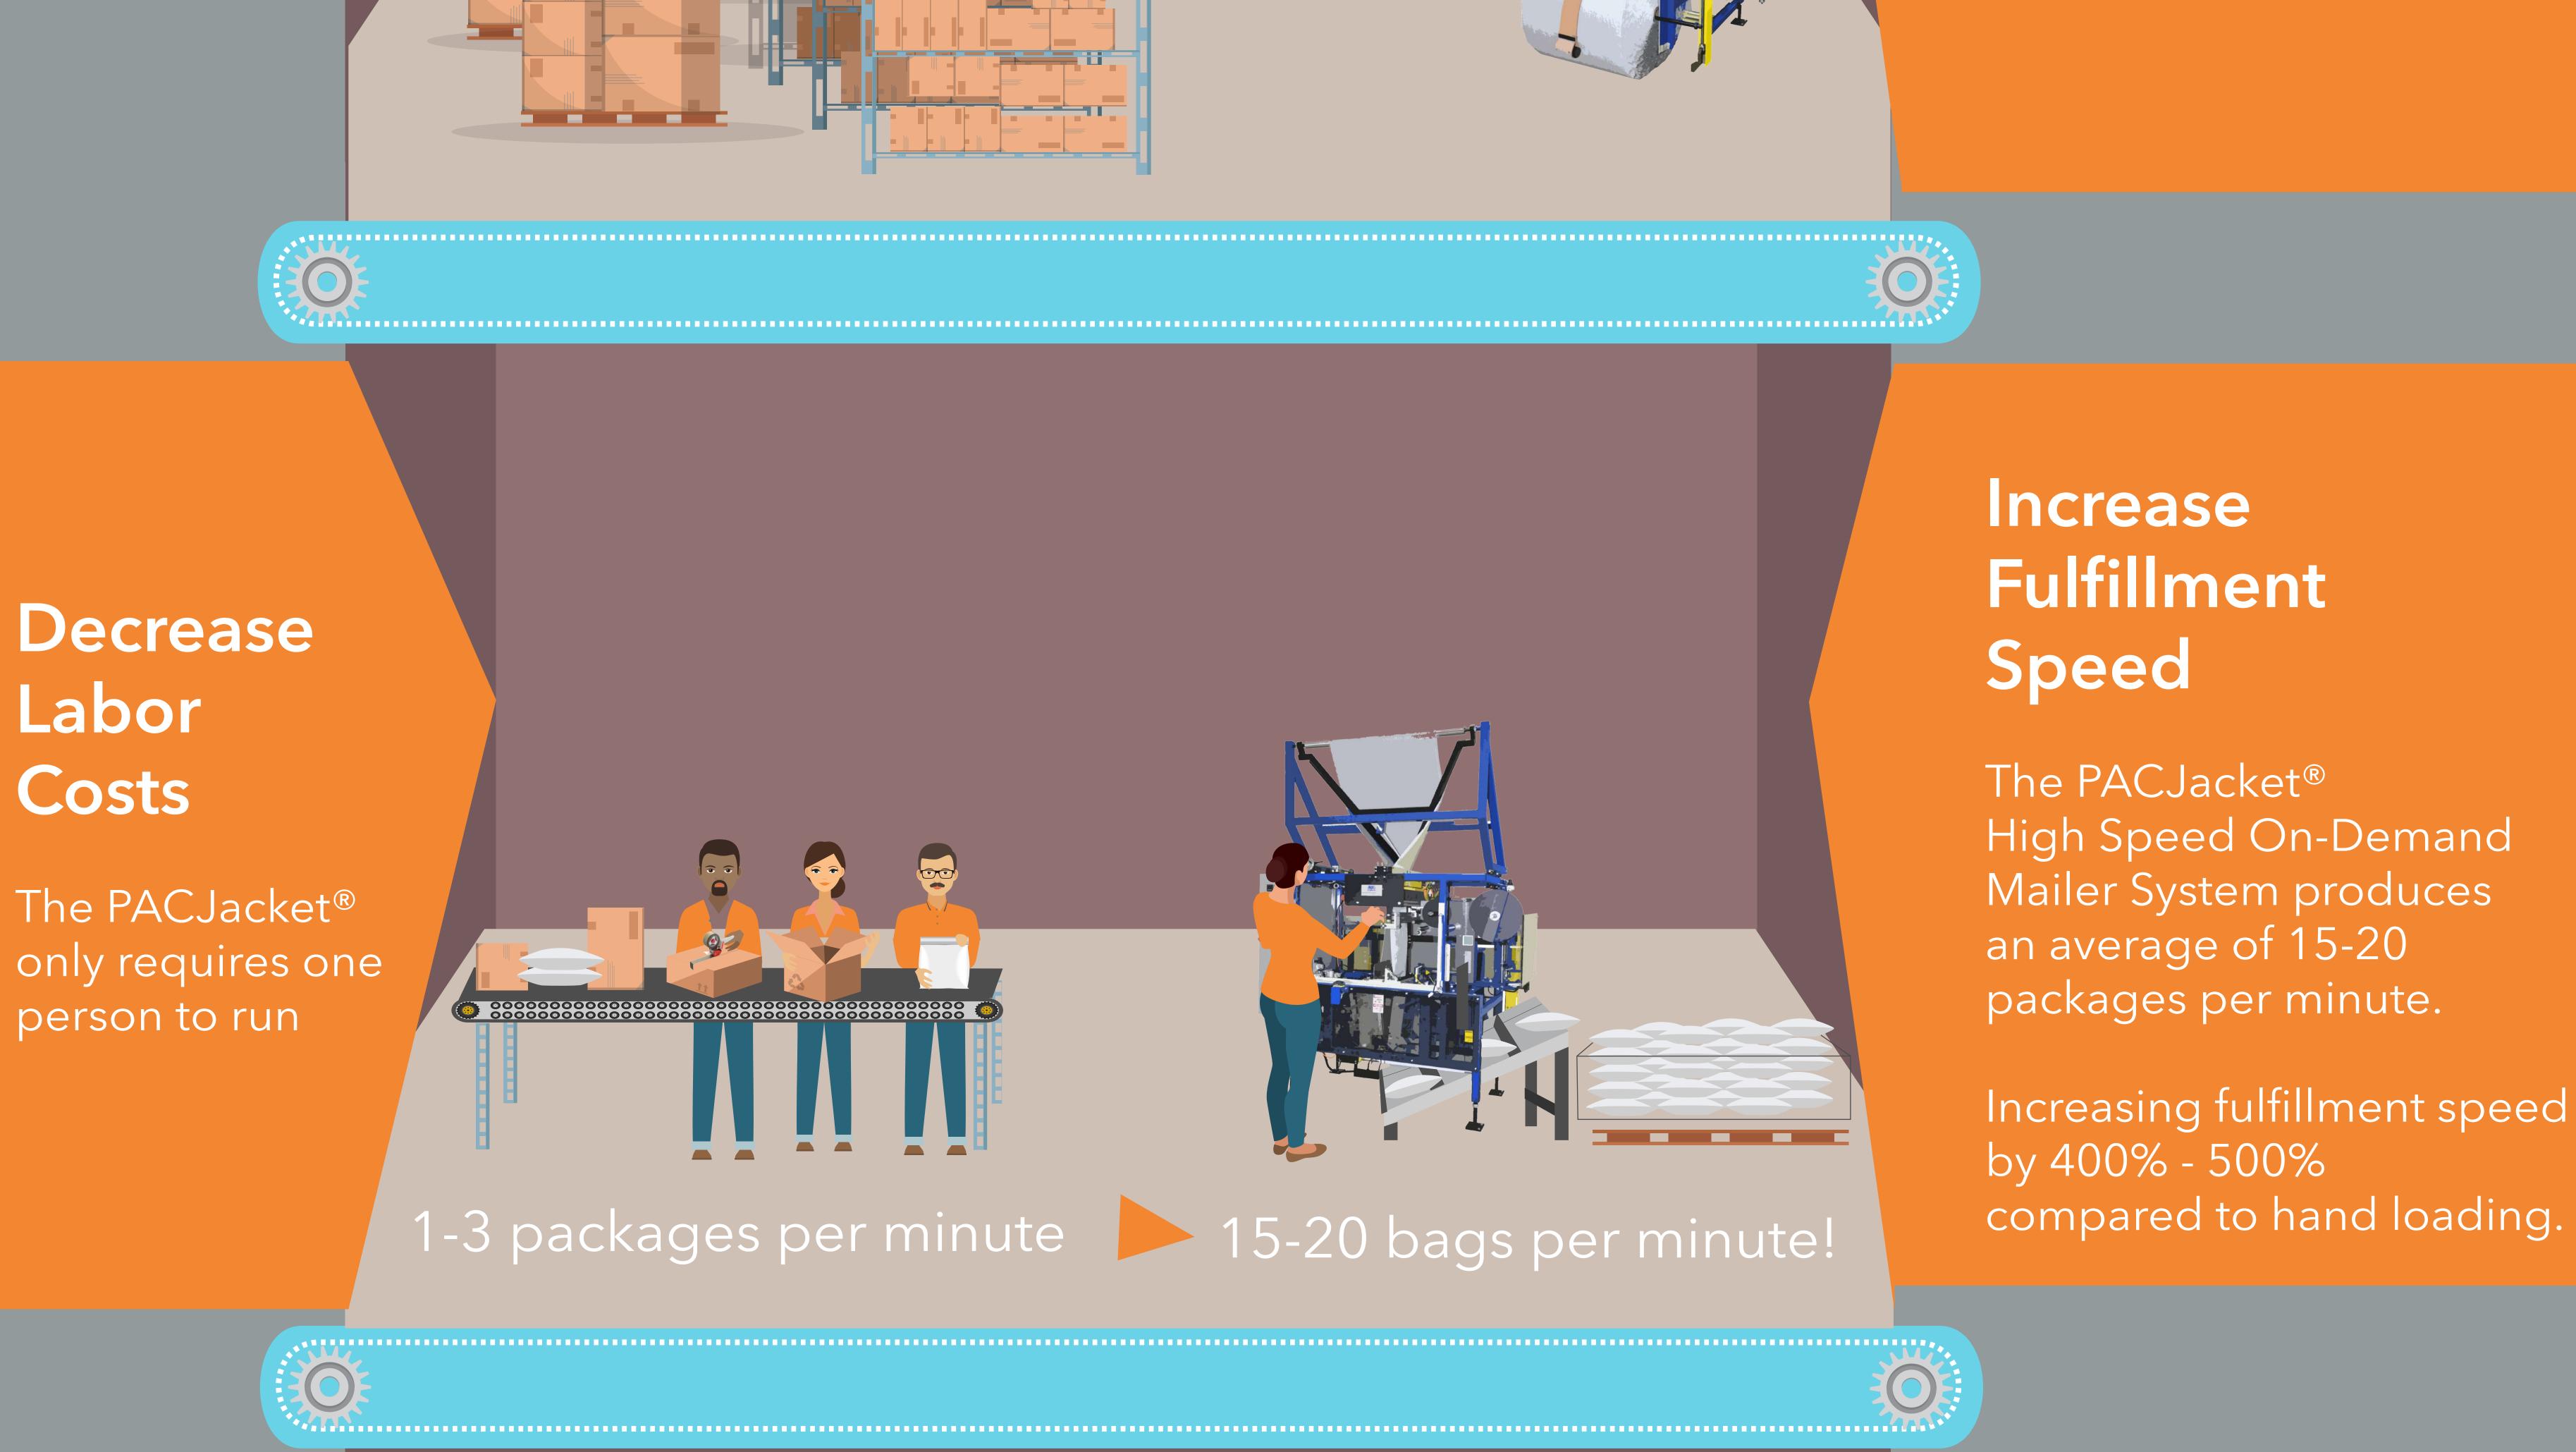

EASY INTEGRATION

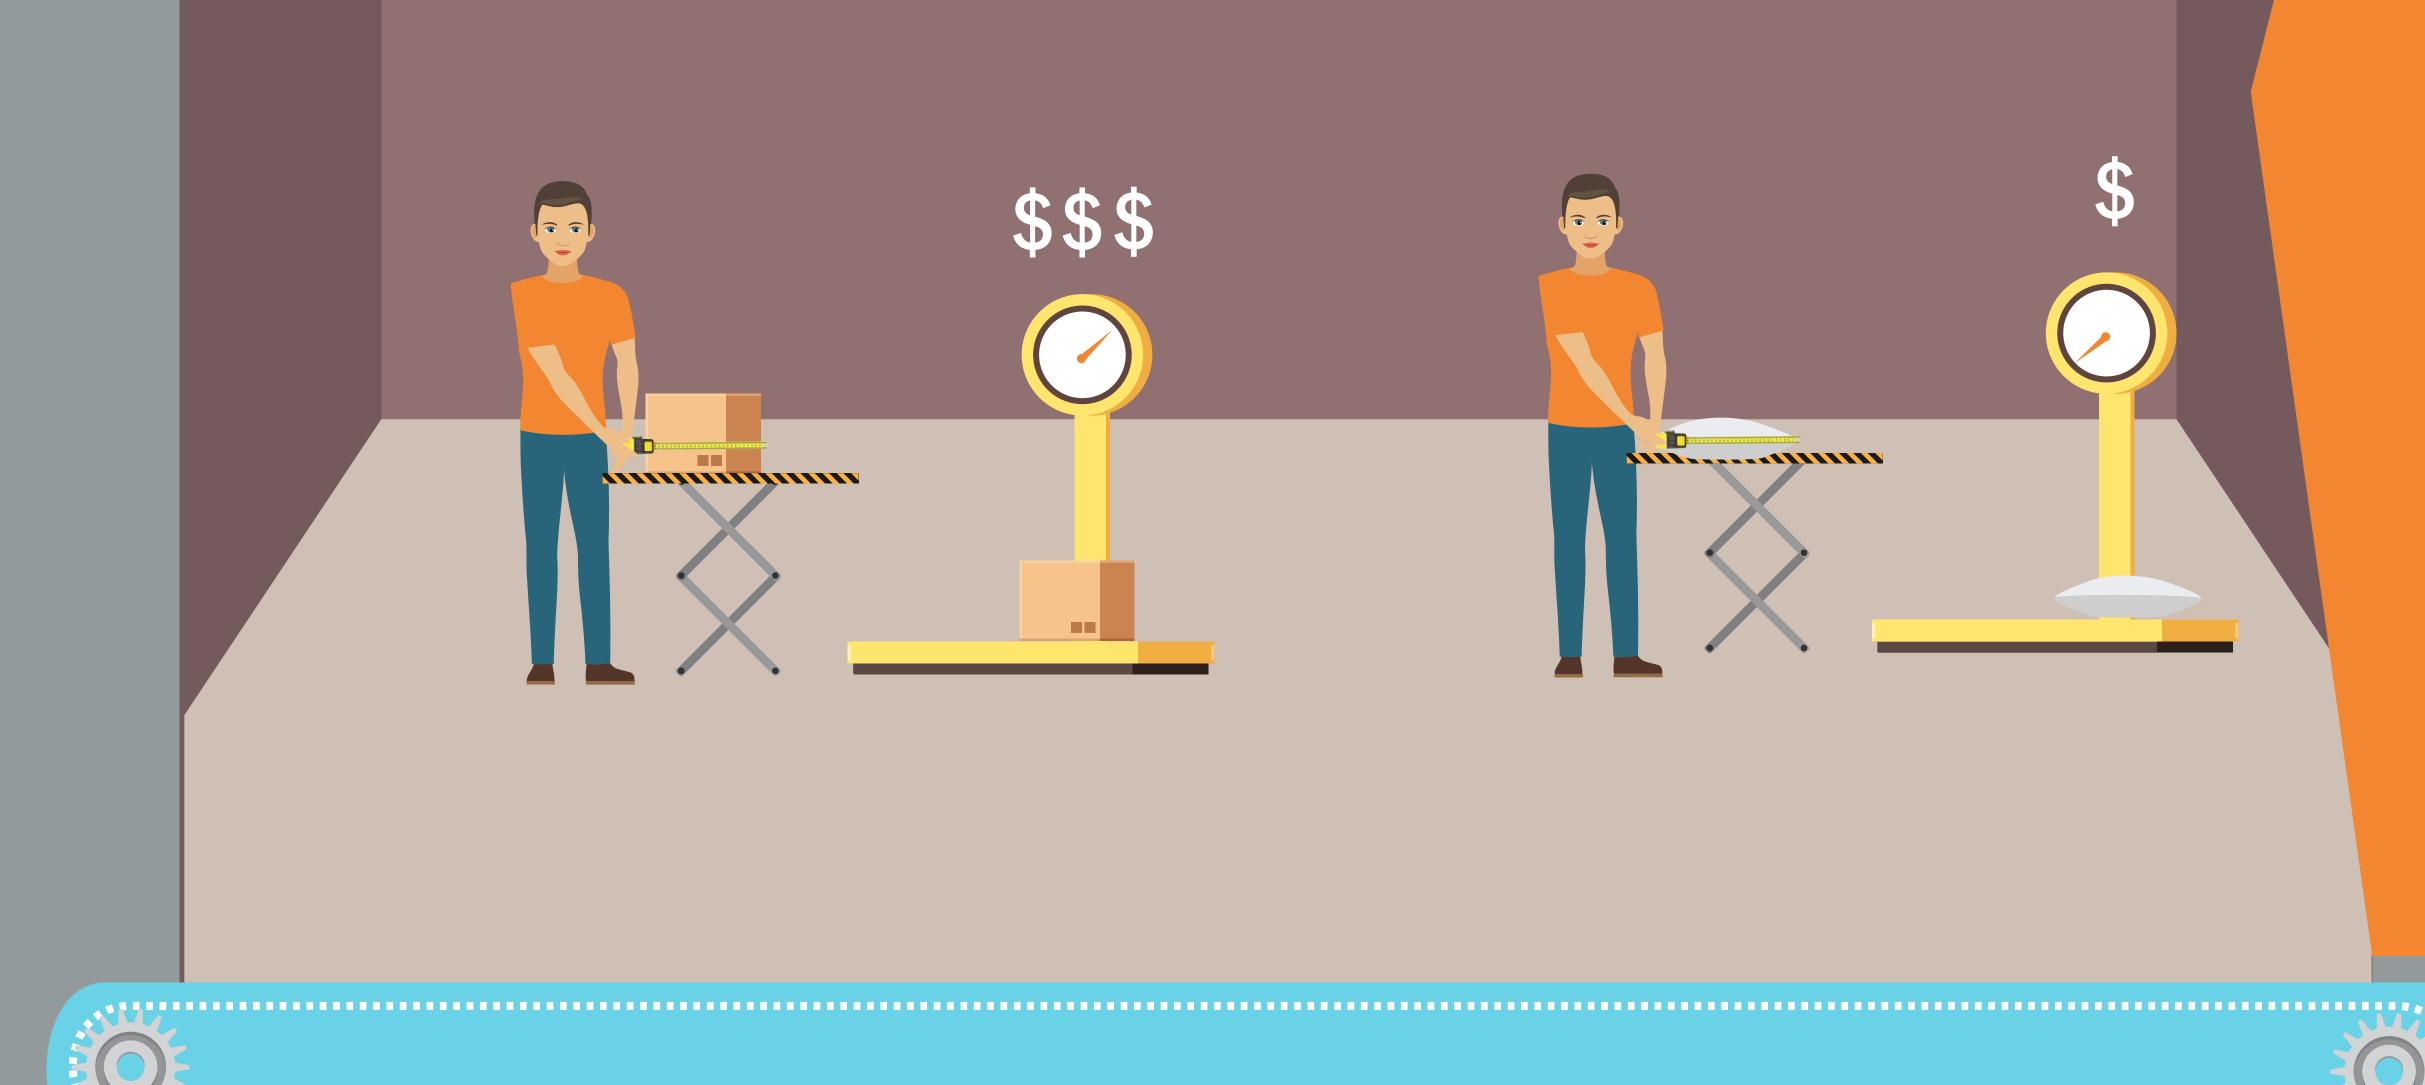

Save Space

PACJacket® High Speed On-Demand Mailer System has a smaller more compact footprint.

One pallet holds 3 rolls of poly bubble film

Decrease DIM Weight

Costs

Fiber optic eye senses the size of your product and will cut the mailer to the appropriate length.

Right sized, lighter weight packaging decreases DIM weight costs.

Decrease Emissions

Poly bubble mailers take up less space in the truck which decreases emissions used to ship your product.
